

SPAN-310 : The Structure of Spanish

This course introduces students to the linguistic structure of Spanish. By allowing students to solve problem sets, write papers, make oral presentations, and lead in-class discussions, students will learn the main aspects of the morphological and syntactic structure (words and sentences) of Spanish. Furthermore, this course introduces the history of the Spanish language, in other words, how Spanish evolved from Latin. This course will be taught in Spanish.

Credits 3
