

THEA-225 : Scenic Painting

Practical study of the various theories, techniques and materials used in scenic painting. Focusing on theory and practice, encompasses a systematic approach to painting theatrical scenery. Emphasis on traditional scene painting techniques, including material selection (brushes and paints) and their practical application through design reproductions and faux finishes, as well as the tools and paints that have been developed to support those techniques. Students learn how the theories and techniques of scenic painting have changed historically, and how these unique changes have impacted the materials and techniques utilized by the scenic painter. Engages with the unique qualities of different types of paint noting how they perform on different types of materials, and how that knowledge can be used to create effective results. Projects include painting stage drops, creating stained glass windows with paint, faux marble and wood grain finishes, photos and designer renderings. FILA general education: fine arts and music.
