

PSY-580 : Internship

Supervised internship experience in a public or private agency setting that provides services to individuals which match the student's identified specialty area (A=Adult; C=Child/Adolescent; ID=Intellectual Disabilities; BI=Brain Injury; DM=Dementia/Memory Care; or CCJ=Corrections/Criminal Justice). Student will complete a minimum 100 hours within the term, have a specified on-site supervisor, and the placement will be formally registered with the department (and for those applicable - also Virginia Board of Counseling for QMHP-A and QMHP-C). The position may be paid or unpaid. This is the culminating experiential course in the program.
