

Minimum Scholarship Standards for Graduate Students

Every student who is permitted to enroll at Bridgewater College is expected to make continuous progress toward his or her educational objective. At the end of each semester a careful evaluation of the achievement of each student is made, and a student whose quality of performance is below the minimum scholarship standards as outlined below will either be placed on academic probation or academic suspension. Students in graduate programs must, at minimal, maintain a 3.0 GPA in their program of study. Graduate students who fail to maintain a 3.0 GPA will either be placed on academic probation or academic suspension by the program director. Additional criteria related to probation and suspension may be specific for each program and can be requested from the program director.
